I am not a Minecraft addict, but I do enjoy playing that game. However, that is only because my friends and I play it together. Not because of the millions of dollars or diamonds you can get for free on Roblox. People are obsessed with Roblox; my Facebook account was filled with friends who played Minecraft as if they were addicted to crack. They would constantly post pictures about their new lifesize cardboard builds they worked on at home; taking ages-long breaks between each video to watch more videos of minecraft. We've all had friends who were that addicted to Roblox in our time, but I have never met one like Sinead who was "deeply miserable" because she was deprived of playing it. That was always the case whenever anyone mentioned it, I'm sure; parents would frequently ask me if and how I managed to get my grades, and teachers would always ask me if we had any homework. Sometimes they'd even assign us essays to write about our time on Roblox; even though a few months before everyone stopped doing them unless they were mandatory.

On July 26, 2021, ROBLOX warned its users about several scams on Roblox that are being advertised on YouTube. Roblox is a wonderful platform for any developer to start learning how to code in the real world. Since it's relatively easy to use, it will allow you to create games and apps that will also be easy to use. All you have to do is choose your theme, write a few lines of code and test it out. If people like your app, they will play it and provide you with their feedback so that you can improve your project. Roblox has many features which include multiplayer servers, chat rooms, game rooms and the ability for developers to sell their games or items to other players if they wish. If you are interested in trying out programming, then Roblox would be a great place to start. You will not only have fun but you will learn many things. And who knows, one day your game could be the next hottest thing on the market!

These fake accounts had the same username and picture as the original account owner but had no friends. I love Roblox, but there are some things that I don't like. My favorite aspects of Roblox are that it's fun and easy to play with my friends online, and it has funny ways of making you laugh or feeling nervous. My least favorite aspect is that if you use your neighbor's computer (turn it on/jack in) you can't change your username or skin. Also, there are players who break laws such as swear words, so they get banned from Roblox for doing so. I don't think Roblox should be edited at all, but just taken off.
